

Undocumented migrants usually do not have an income to buy necessities. The VLOS grocery store offers food and other household necessities (for example soap, toilet paper, washing powder,...). All of these items come from private individuals, the Voedselbank (foodbank), the EU or local bakeries. Additional basic food is bought in local supermarkets.

Would you like to support VLOS with fresh food or household items such as soap, washing powder, hygienic products,...? Please contact Josiane, whose responsible for the VLOS grocery store by calling 03 766 29 13 or by mailing to info@vlos.be. If you make an appointment, our volunteers will collect the products at your place.
